

WOOLWORTHS GROUP

Dear Shareholder

Today we announced our first quarter sales for F19. As reported at our F18 results, we had a challenging start to the quarter for sales, however, our customer and brand metrics remained strong and sales growth momentum improved in Australian Food in September and into October.

All businesses are now focused on delivering an exceptional Christmas experience and we have strong plans in place to deliver the best possible in-store and online experience for our customers.

I would like to thank you for your continued support and for helping us do the right thing for the environment and community by supporting reusable bags and our various other 'Good Acts'. I hope you continue to choose us for all your shopping needs over the festive season ahead.

CEO, Brad Banducci

Woolworths 'Bag for good' supports Junior Landcare

Australian schools are set to benefit from the removal of single-use plastic bags, with applications now open for the first round of the Woolworths Junior Landcare Grants program.

Sales of our 'Bag for good' have to date raised over half a million dollars towards the program which will help young Australians be hands-on with gardening and recycling projects.

In the last four months, Woolworths, together with its customers, has removed over 600 million single-use plastic bags from circulation and from potentially ending up in waterways and harming marine life.
