

Dear Shareholder

Today we announced our half-year results for F19. Despite a challenging half across all our businesses, the transformation of the Group is progressing. Pleasingly, our customer metrics have remained strong reflecting the strong Customer 1st Team 1st culture being embedded across the Group.

There are many more opportunities to improve the business in the next half and beyond, despite a more challenging operating environment and we will continue on our transformation journey for the benefit of all our stakeholders. Thank you for your continued support as we work hard to deliver long-term sustainable growth for our company.

CEO, Brad Banducci
