

Dear Shareholder

Brad Banducci
CEO

Today we made two announcements to the market, one being our first quarter sales results for F20. It has been a pleasing start to the financial year with strong sales momentum across all Group businesses. We are now focused on providing the best possible experience for our customers as we head into the critical Christmas and holiday trading period ahead.

We also announced our commitment to full remediation for approximately 5,700 salaried team members affected by non-compliance with the General Retail Industry Award. As a business, we pride ourselves on putting our customers and team first, and in this case, we have let our team down. We have unreservedly apologised to all affected team members and the highest priority for Woolworths Group now is to rectify this issue, and to ensure that it doesn't happen again.

Thank you for continued support as shareholders of Woolworths Group.
